The Moon

The stars are high and the moon is full,
The moon is bright so it gives off light.
Time to go to the land of dreams,
So that my mind will be set free.
The moon, the moon how bright is the moon.
The stars are high and the sky is bright and the
moon is full,
In the land of dreams I fly in a rug with my
friend the little bug.
Though the land of dreams gives us hope,
When I wake up I wish the moon was full again.
