Just Begin!

My life is not over it has just begin
I can't give up but it's hard not to sin
I pray and pray
For that pain to go away
But as it slowly drifts away
Just wait
As it sweeps back in through my soul through my heart through my eyes
Til' tiny bits of water drips
Down my face landing on the floor were I felt all that pain
I hide that pain to go be happy with loved ones
Then the next day
I wake up to "Are you ok?"
I always say I'm fine
But really I'm afraid
Afraid of the possibilities
Of getting hurt again
But I keep it all in
As I tell myself
My life is not over, it has just begun.
